

CHERITON BISHOP PARISH COUNCIL

PRIORITIES

Support the safety and wellbeing of our local community

- By using appropriate powers and influence to encourage safe road use
- By encouraging, providing and maintaining local assets and facilities
- By seeking – and responding to – concerns or suggestions from local people about safety and wellbeing issues

Support appropriate growth and development within the parish

- By representing local needs in our comments and suggestions relating to planning applications
- By contributing to, understanding and publicising plans of higher tier councils that have the potential to affect our community
- By encouraging the protection, understanding and appreciation of our local natural environment as a responsibility to future generations
- By supporting suitable existing and potential local business activities that may provide employment, services or other benefits to the community

Support an active, wide ranging and inclusive community spirit

- By encouraging, acknowledging and facilitating the important roles of local volunteers in a variety of organisations and services
- By encouraging and supporting events and initiatives which build and maintain community identity and involvement
- By encouraging and supporting community emergency response plans and teams for situations such as extended electrical power loss and severe weather conditions
- By encouraging local contribution, engagement and feedback for our plans, decisions and activities as a parish council
